

Planning for change, delivering services 2019 – 2023

• EDINBURGH
THE CITY OF EDINBURGH COUNCIL

How to get involved

Due to rising demand for our services and other pressures, the Council will have to make at least £106 million savings over the next four years.

We have saved over £240 million since 2012, but efficiencies can only go so far. We need to start planning for change now, and to do this we need to look again at the type of services we provide and how we deliver them.

**Our population
IS GROWING
and changing**

We need your views now

- Read our document *Planning for change and delivering services* and tell us what you think of our ideas at www.edinburgh.gov.uk/change
- Read our document *Planning for change and delivering services* and complete our print questionnaire at your local library or community centre.
- Try your hand at balancing our budgets and prioritising services at <https://edinburgh.budgetsimulator.com>

Closes 7 December.
