Report: -

Rotary marked the 118 year anniversary of the founding day on the 23rd February. On this day in 1905, Paul Harris convened the first Rotary meeting in Chicago, USA. His focus was to build an organisation encouraging community connections based on friendship and service. We are now 1.4 Million members, community leaders, friends and partners in a global network that is addressing challenges around the world.

The Rotary Club of Leith carried out collections and have now sent an electricity generator, see photo attached, to a Rotary Club in Lviv, Ukraine. This will provide much needed heat and light in one of the small communities in the east of the country.
